## APPEARANCE OF **WILSON SIGNAL** FOR HOT DEBATE

Senate Ready to Receive Chief Executive This Afternoon - Opposition to Secrecy Is Strong - Work on Treaty to Be Started **Next Monday** 

WASHINGTON, July 9.—President Wilson will present the peace treaty and the league of nations covenant

to the senate tomorrow.

The president will deliver a lengthy address in which he is expected to out-line the details of the Paris conference and tell why he feels the United States should endorse the league of nations covenant. His address promises to mark the opening of one of the bitterest fights ever waged in the senate over ratification of a treaty.

Over ratification of a treaty.

He was represented as being "anxious and eager" to appear before any committee of the senate or the house, or both, in open or executive measion to answer any questions that members might desire to ask with regard to the treaty and the league

While members of the senate foreign relations committee declined to predict whether the president would be invited sefore the committee, there was a gencral feeling that should be made known directly a desire to appear, he would be given the opportunity. The usual procedure would be for the committee to ask for the diplomatic correspondence leading up to the treaty, and since that most of the Versailles were onducted orally, some senators believe the alternative course would be to mention the principal delegates. Opposing this view, however, is the feeling of some committee members that it would be too wide a departure from prevention to will a prevention before precedent to invite a president before

Senators Oppose Secrecy

It has been pointed out that the chies It has been pointed out that the chief executive constitutes in himself a coordinate branch of the government and as such never has dealt directly with such a subordinate body as a sacrifice. Should the president go before the committee, there are indications the session would be open. Some members are known to be determinedly opposed to any secrecy in senate consideration of the treaty, and in this stand they expect the co-operation of the president and his supporters on the committee. and his supporters on the committee. The effect may be to throw into the open the entire committee consideration of the treaty, as well as the de-bate of the senate chamber. It is con-sidered more than likely, however, that at least some of the committee decis-ions will be in executive session.

A vigorous questioning undoubtedly will await Fresident Wilson should he appear before the committee. Among the members are some of the most bitter critics of the league of nations, of the president's conduct in the Versailles conference including Senators Ledge and Borah of Idaho and Johnson of California and daho and Johnson of California and Fall of New Mexico, all republicans.

Postpone Work for Treaty

There is little likelihood that th committee will begin work on the treaty before Monday, although it will receive the document as soon as it is submitted by the president. There are many maps attached, and it is not expected that copies for the committee members can be made at the govern-ment printing office before the end of

The senate plans to adjourn until Monday as soon as it has heard the president's address and has referred the treaty to committee and ordered it printed. Several senators will be ready to speak on the subject the first of the week however, and the debate is expected to be virtually continuous until the ratification vote is taken, perhaps many weeks hence.

Will Also Present French Treaty Although there has been little dis-cussion regarding the new treaty with France by which the nation would be promised American aid in case of an unprovoked attack by Germany, the general expectation is that it will also be presented by President Wilson to-morrow and will take the same course

as the treaty with Germany,

# RECORD WHEAT

(Republican A. P. Leased Wire) WASHINGTON, July 9 .- Bountiful farm crops this year were indicated today in the department of agriculture's July forecasts, based on conditions existing the first of the month. Winter wheat and rye, now being harvested, showed the largest production ever attained. Record crops of sweet potatoes, tobacco and rice also were predicted and the production of spring wheat, corn, oats, barley, white potatoes and hay is expected to be larger than the average for the

five years, 1913-1917. Value of the wheat, corn and oats crops combined, amounts to \$8,340,622,000, based on July 1 farm prices. The value of corn is \$4,-768,475,000: wheat, \$2,577,420,000, and oats \$994,727,000.

Plant disease and other conditions, however, made heavy inroads during June on prospective wheat and oats production. The forecast shows a loss of 75,000,000 bushels of wheat since the June estimate and a reduction of 43,-000,000 bushels in the prospective cats crop. High temperatures caused deterioration in the condition of winter wheat in some sections while plant disease increased in central districts. The heat also affected spring wheat in some parts of the belt where black rust has appeared and somewhat damaged the crop.

The area planted to corn, white potatoes, flax and rye is smaller than last year, while the acreage of sweet potatoes and tobacco is

larger. Corn production was forecast at 2.815,000,000 bushels, 13,000,000 bushels larger than last year's crop. The acreage is 4.2 per cent less than last

So busy was the president that not a single caller was received.

A number of the country's principal farm crops, estimated on the condition of the crops July 1, were announced today by the department of agriculture as follows (figures in millions of bushels): Winter wheat, 829; spring wheat, 322; all wheat, 1.161. Corn, 2,815; oats, 1,463; barley, 231; rye, 103; white potatoes, 391; sweet potatoes. 02; tobacco, 1.453 pounds; flax, 13.2; rice, 42.5; hay, 116 tons; apples (total), 156. ### Defense Of New May Be Based On Suicide Theory

[Republican A. P. Leased Wire] LOS ANGELES, Calif. July 9.
Firm belief that her son Harry S. New is not guilty of the murder of Miss Prieda Lesser, his flancee, in Topango canyon last Friday night, was expressed late today by Mrs. Lulu Burger upon her arrival from Indianapolis. Mrs. Burger was said to be upon the verge of a nervous collapse and upon the advice of her physician did not visit her son in the city fall but com-municated with him through his at-

Temporary insanity will be New's defense, according to his counsel. That the theory that Miss Lesser committed emma may also be introduced by the defense, the attorney admitted.

"I am convinced that New does no now what happened from the moment Miss Lesser told him she would no marry him until he dis overed her dead body in the rear of the machine. New's confession that he killed his fiances may well have grown from his dis-covery of himself beside her," the at-

Several hundred persons sought to attend the funeral services of Miss Lesser here today. None but close friends and relatives were admitted.

Relatives said the body would be interred later at Birmingham, Alabama.

### Urges Italy To Conclude Early Peace

ROME, July 9.—(By the Associated Press)—Premier Nitti, in a speech before parliament today, urged that the peace negotiations be concluded and that friendly re-lations with the allies, especially France, be maintained.

The premier informed the deputies that all efforts should be made to re-establish the country on a peace footing, lower the prices of neces-sities and bring about orderly conditions throughout Italy.

## TUCSON MAKES READY TO GREET WAR VETS

[Republican A. P. Leased Wire] TUCSON, July 9.—With a Red Cross canteen in action, military band and Governor Campbell to give greetings, but no parade, Tucson is ready to receive delegates Friday for the convention of the Arizona branch of the Motor Lorries American Legion, which meets here Friday and Saturday, to organize the veterans of the world war.

Rumors are rife that Andrew P. Martin, former state senator from Pima county, ex-secretary to Carl Hayden and once president of the Tucson Chamber of Commerce, will be elected first president of this infuential body

f young patriots. Governor Campbell will speak to the boys at the afternoon session Friday, on the evening of which day a ten-round bout between Battling Chico and Ralph Lincoln wil I be staged at Ely-sian Grove by the Morgan McDermott post of the legion.

President von KleinSmid, of the University of Arizona, will greet the returned Pima soldiers Saturday night in Military plaza, where Louise Rosen stadt, a grand opera star born in Tuc son, will sing the national anthem and operatic selections. C. M. Stoddard, president of the Frank Luke, Jr., post, of Phoenix, is the first delegate from the outside to reach the convention city. At least 500, including Pima county veterans, are expected to attend.

Taxes and Other Revenues Pay Nearly 29 Per Cent of Total - Further Bond Issues Will Be Unnecessary Glass Announces

[Republican A. P. Leased Wire]

WASHINGTON, July 9. — The war cost to the United States was \$30,177,000,000 up to June 30, 1919. Secretary Glass made this estimate today in submitting to the congressional appropriations committees the preliminary statements of the treasury on the condition of the nation's finances.

He arrives at the estimate by subtracting the average peace time expenses for the same length of time, at the rate of \$1,000,000,000 from the total expendi annually, from the total expendi-tures; \$32,427,000,000 during the

Taxes and other revenues than borrowed money took care of \$9,-384,000,000 or about 29 per cent of the war cost. The remainder came from Liberty bond and Victory note issues and saving stamps.

Further issues of bonds, Mr. Glass said, will not be necessary "before the maturity or redemption of the Victory notes," which have four years to run. While it is impossible to estimate the expenses to be incurred during the present fiscal year, the secretary is confident that treasury certificates supplemented by short term notes will provide the necessary funds to pay the government's

"I need scarcely to say," the sec-retary added, "that the realization of these sanguine expectations is contingent upon the practice of the most rigid economy by the govern-ment and the continuance of ample revenues from taxation. Such a course, accompanied by the practice of sober economy and wise investment by our people and strict investment by our people and strict avoidance of waste and speculation, will make it possible for the American people to respond to the demands to be made upon them privately for capital and credit by the nations of Europe—demands which are reinforced by the strongest and most vital ties of sympathy for the allies, who fought and won the war with us—as well as by the most obvious dictates of self-interest."

## To Break Car Tieup Is Plan

[Republican A. P. Leased Wire] DENVER, Colo., July 9.- Mayor Dewy C. Bailey announced tonight that he is considering a proposal to be made to the city council that the city expend \$3,000,000 for the establishment of a municipal mo-tor service to take the place of the Denver Tramway company, whose operation is now tied up due to a strike of its employes following a reduction in wages. No cars were operated today.

The mayor stated that the city would conduct such service perman-ently and charge a five-cent fare "We can get along without the Tramway company," the mayor said. "London ended its street car strike with motor lorries."

WEIMAR, July 9.—(Via Coblenz)—
The resolution ratifying the peace treaty was adopted by the German national assembly today by a vote of 208

The resolution reads: "The peace treaty signed on June 28, 1919, as well as the protocol annexed and special agreements on mil-itary occupation of the Rhineland are hereby ratified. This law becomes ef-

at the meeting of the national assembly and there was a full attendance of deputies. Dr. Hermann Mueller, for-eign minister, in introducing the gov-ernment bill, explained that hastening of the ratification order would bring about the lifting of the blockade.

compulsion, to save ourselves from anarchy and to preserve the father-land from internal ruin."

Voice Treaty Opposition

Herr Kreizlg, socialist, Professor Schuecking, democrat, Dr. Traub, national party, and Herr Kahl, people's party, all violently protested the injustice of the treaty, the impossibility of its diffiliment and declaring the day

of international law experts of repute should first be obtained concerning ar-

many. He said that the treaty of 1871 simply made good what had been taken from Germany 150 years before. He hoped that the people of Alsace-Lor-raine would preserve their German character, customs and civilization.

Article 227 to 230 relate to penalties. Article 227 arraigns the former German emperor for "a supreme offense against of treaties." The other articles relate to the bringing before military tribunals of persons accused of having com-mitted acts in violation of the laws and customs of war.

Though American goods can be exported to Germany without the assistance of American consuls, under American customs laws the consul certification is necessary to the exportation of German goods to Blockade Lifts Soon

In the opinion of officials here, the German blockade will be lifted as soon as proper arrangements can be made. It is believed that this means that there first must be received by the secre-tariat of the peace conference in Paris notice of the action taken by the Ger-man assembly today and that in the case of the United States, President Wilson must issue his proclamation declaring the blockade at an end.

The action of the president is said to be in no sense dependent upon the treatment of the peace treaty by the United States, for the reason that the blockade was established as a purely military measure.
